PORTFOLIO

CONVIRZA
April 2016 - Present

UI DESIGNER & FRONT-END DEVELOPER
Creating new features using mostly Angular, Node, and other exciting web technologies while maintaining a clean and intuitive user experience.

WEB STUDENT TRACKER
April 2016

MEAN STACK DEVELOPER
A web based app that tracks the progress of eligible bootcamp students. My focuses were Data Visualization and the logic behind the assessments.

TCASEY DEV
February 2015 - Present

FREELANCE DEVELOPER
Design and build maintainable web software for clients.

EDUCATION

DEVMOUNTAIN
Feb-April 2016

JAVASCRIPT | MEAN
Spent 3 months learning Javascript, Angular, Node, Express, MongoDB, D3 and React.

THINKFUL
August 2015

FRONTEND WEB DEVELOPMENT
In-depth & practical Front-end Web Development course covering HTML5 CSS3, JavaScript, jQuery Ajax, and Git.

UNIVERSITY OF UTAH
2014-2016

INFORMATION SYSTEMS
Most of my undergraduate studies involved combing business with technology.

EXPERTISE

HTML	ANGULAR
